"Behind The Scenes In American Business"

by Reynolds Knight
 NEW YORK, July 12—Business continues upward, and the inflation spiral has been given another twist by the third round of wage increases, averaging from 11 to 13 cents an hour.

Automobile prices have advanced again, but proof is available on any used car lot that auto makers are not taking full advantage of the amount consumers are willing to pay. There, in a free market, "used cars" are bringing as much as \$600 above the price dealers are permitted to charge for new automobiles.

Premiums above posted prices also are being paid for petroleum.

The Aluminum Company of America has given a wage increase and the price of aluminum, in consequence, has gone up for the first time in eleven years. John L. Lewis has again increased the cost of coal. Wage increases for rubber workers have advanced the price of tires. General Electric and Westinghouse have had to join the procession on electrical equipment.

Most of these markets can stand the price increases without loss of sales or employment, but business men are cognizant of the danger. The emphasis is now on good value: the best possible merchandise for the price.

EXAMPLE OF INGERNITY
 —A typical instance of this quest for quality in all types of consumer goods is "The Chicken-of-Tomorrow."

Widespread production of superior meat-type chickens is in store for the nation's consumers as a result of scientific breeding experiments sponsored by industry leaders and the A & P Food Stores for the past three years.

So far, a California poultry firm has come up with a bird that experts regard as the closest thing to the Chicken-of-Tomorrow—an ideal double purpose fowl combining a high egg output with a super meat yield.

Dewey Termohlen, chief of the Poultry Branch, U.S. Department of Agriculture, feels

that the achievements of the Vantress Hatchery, Marysville, Calif., will inspire countless other independent and commercial breeders to develop better chickens. This, naturally, will result in better values at the nation's meat counters.

A Cornish-New Hampshire cross, raised by the Vantress firm, edged out 39 other champion flocks in the finals of the Chicken-of-Tomorrow contest. Of eight prize winning entries, three were cross breeds and five were pure breeds. The birds were raised in 12 weeks, and attained top meat qualities at superior weight on a minimum of feed.

THINGS TO COME—A harmless, tasteless, moisture-absorbing powder has been developed for salt shakers to keep them from caking in muggy weather. . . . Lightweight wash basins and sinks are being made of plastic. . . . Newest nylon application is an unbreakable funnel for nursing bottles. . . . Touch latch for doors can be opened with both arms full of packages by nudging it with the elbow. . . . Cool water, ice cubes and cold storage space are all provided in an electric water cooler especially designed for doctors and dentists. . . . Office intercommunication system also contains a radio. . . . Problems in profits, discounts and percentages can be worked swiftly and easily on a circular slide rule four inches in diameter. . . . Latest food mix is a seven-minute coconut cream pie. . . . Pressed wood wall panels with grain simulated to look like the real thing can be nailed to walls and washed with soap and water. . . . Chemical resin finish is said to achieve the hitherto impossible: keeping seersucker suits looking pressed and neat in hot damp weather.

YULETIDE ART—This year's Christmas cards are expected to be the most artistic yet to appear during the hundred years or so of Yuletide greeting history.

Introduction on an unprecedented scale of the world's great art in Christmas cards is being carried out by Hall Brothers, world's largest greeting card publishers. By exclusive arrangement with Gallery Artists, the makers of

Hallmark cards will reproduce the works of such famous artists as Salvador Dali, Pablo Picasso, Norman Rockwell, Marcel Vertes, Grandma Moses, El Greco and Pierre Auguste Renoir on Christmas cards priced for all family budgets.

While some average shoppers may be traditionally late in selecting and mailing their holiday cards, they can't blame their tardiness on the greeting card industry. For this year's Hallmark Gallery Artists' Christmas cards are now being shown to retailers in Christmas in July previews being conducted throughout the nation.

BIT O' BUSINESS—Construction contracts east of the Rockies reached nearly a billion dollars in May, a 44 per cent jump over May, 1947, according to the F. W. Dodge Corporation. . . . Forbes estimates that nearly 20 million tons of steel have been lost through various strikes during the last two and a half years. . . . Employment is expected to hit 61 million jobs this summer. . . . Copper, lead and tin may continue indefinitely in short supply. . . . The Federal Reserve Bank expects rising prices throughout most of 1948, with a downward spiral possibly setting in early in 1949. . . . Apropos of this, real estate prices should ease next year. . . . A total of 962 American and Canadian corporations are being honored by "Financial World" with merit awards for producing "attractive and readable annual reports for 1947."

Wish you had Wings? Why bother!

You've been there, we know — trapped in the crawling snarl of a sunny weekend's traffic — tangled in the huffing, puffing push of a city's busiest rush hour.

And more than once you've wished for wings — so you could duck all this, dodge the jostle, the push, the stress and strain.

Well, look about you, good sir, for the long, sleek new Buicks with the word "Dynaflo" on their taper-thru fenders.

They've got the answer — to easy, open-road flight and to the spot where traffic's densest and the driving tension greatest.

With Dynaflo, you just sit there, press the gas treadle — and steer!

At a crawling 5 mph, you roll as smoothly, easily, lightly as at a winging 45.

At every opening left by a stalling, laboring neighbor, you have instant-quick power-surge to let you take advantage of it.

Upgrades? A little pressure on the gas treadle handles them. Stop signs? Your foot brake stops you, holds you — till you can feed the gas and go.

You forget shifting entirely—in fact, no gears ever shift as you drive — yet the moment any bottleneck breaks, you move smoothly, swiftly up to boulevard speeds, pacing the pack.

Smoothly did we say? The word is hardly

adequate. This velvety lift, this soaring swoop of power, this utter freedom from any break in your stride are things you need to experience to judge.

Why not try it out? Your dealer will do the best he can to arrange a trial — just as he'll take your order any time, whether or not you have a car to trade. See him — and you'll stop wishing for wings!

*Dynaflo Drive is optional at extra cost on Roadmaster models only.

What's different about DYNAFLO DRIVE?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new super-charging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

We Present and recommend to you . . .

Edward P. Hill

Prestonsburg, Circuit Judge of the 31st Judicial District, who is Candidate for the Democratic nomination for Congress. He also served Floyd County as County Judge, Eight years, and was one of the outstanding judges of the state.

He is 43 years of age, sober and well qualified. He will make an able hard working and honest representative.

He can easily win in November. We urge to inquire of and support this splendid, capable, energetic young man, who has proven his metal.

RESPECTFULLY
 HILL FOR CONGRESS

Youngest D. P. Finds Louisville Police Wonderful

Louisville July 8 — "Butch" currently Louisville's youngest "displaced person," thinks a police station is a wonderful place.

To him its not a loathsome spot filled with prison walls and iron bars. Its a place where big men wearing blue uniforms give a fellow milk

and cookies and spend their time trying to make him happy.

The "D. P." didn't say his name was Butch. In fact, he didn't say anything but "ugh" and "goo." The police estimated he was about 15 months old for he could walk, even though he hadn't learned to talk.

He was found wandering across Broadway, one of Louisville's busiest traffic arteries, early today, and a neighbor called in the "law." So far his parents haven't been located.

To The Voters, 7th Appellate District:

Dear Friend:
In the Primary Election August 7, 1948, my name will be on your ballot as a candidate for the Judge of the Court of Appeals of Kentucky. I want your vote and influence in this primary.

As State Representative of the 75th District, I along with some other sponsors, introduced and we passed 71 to 0 in the House of Representatives, a bill to pay a bonus of \$600.00 to every veteran of World War I and II, regardless of the term of service. There is no reason why Kentucky should not pay a bonus to its veterans. This bill was killed in the Senate.

I introduced a bill to give the Fiscal Courts of each county complete control of the rural highway funds. I introduced a bill to have the state assume and pay the Road and Bridge Bond indebtedness of the counties that voted road and bridge bonds and turned the money over to the state and they spent it, and built roads in counties that did not vote bonds just the same as the ones that did. I introduced a bill to raise the pauper idiot allowance from \$75.00 to \$200.00 per year. I would like for you to look into my record as a Representative and see the number of bills that I introduced to help the taxpayers of your county.

Having served as County Attorney and County Judge of Morgan county, I know the problems of the mountain counties and I did all I could

to help them.

Service men and women, I want your help so that people in Kentucky will know that it is popular to support Bonus Legislation for the veterans and we will have easier going in the next General Assembly.

Your friend and neighbor,
Lynn B. Wells Atty.

AVERAGE TEMPERATURE 81 DEGREES

Chicago, Ill., July 8 — Road builders are going to like Road Show weather! Reports from the Chicago office of the United States Weather Bureau strongly indicate that the nine days of the 45th Annual Convention and Road Show of the American Road Builders' Association, July 16-24, will be bright, pleasant and not too hot. Here are some averages to support the favorable odds.

Over a period of 77 years, the average maximum daily temperature has been 81 degrees, with a daily average minimum of 65 degrees, declares the local weather man. In the same period, an average of 2.6 days of measurable rain is recorded for this particular segment of July. Humidity averages 70 per cent in the morning and 62 per cent at night.

Soldier Field, the site of the Road Show, and the Stevens Hotel on Michigan Avenue where the convention will be held, are strategically located to get full advantage of Lake Michigan's cooling breezes. The daily maxima on the lake

front is four degrees cooler than at the municipal airport a few miles inland.

An average of the thirty-one day of July for the past ten years show thirteen clear days, thirteen partly cloudy days and five cloudy days. Add to these reassuring figures the reputation Chicago has achieved as Summer resort, thanks to the Association of Commerce and Chicago's hotels. Delegates can look forward to Road Show weather with anticipation.

BACH-PIGMAN

In the Graham Memorial Presbyterian Church on Tuesday, July 13, at 1:00 o'clock, Miss Lucille Bach, daughter of Dr. B. C. Bach, was married to Mr. Ray Pigman, son of Mr. and Mrs. Jasper Pigman. The service was read by the Rev. Ernest Wilson.

Before the ceremony Mrs. Albert Jones played traditional wedding music and Mrs. Millard Tolliver sang "I Love You" and "Because."

The bride was given in marriage by her father, wore a suit of white linen and an orchid shoulder corsage. The bride's only attendant, Mrs. Bailey Butler was dressed in a suit of blue linen, and had a shoulder corsage of red rose buds.

Mr. Audra Pigman, brother of the groom, served as best man. The ushers were Mr. Walker Pigman and Mr. Paul Pigman, also brothers of the groom.

A reception at the home of the bride followed the ceremony.

Party Honoring Mrs. Webb

Polichetti-Bavousett

Quaint St. James Episcopal Church of Mesilla Park was the setting Sunday noon for the wedding of Miss Clara Anne Polichetti to J. D. Bavousett, son of Mr. and Mrs. Walter Bauousett of Mesilla Park. Rev. Hunter Lewis performed the double ring ceremony.

The altar and church rail were beautiful with arrangements of white Shasta daisies and candles.

As the close friends and relatives of the couple gathered to witness the ceremony, Mrs. George Berthelon played softly on the organ. Loves Old Sweet Song and Always. Then as the bride entered, she played Lohengrin's traditional wedding march. During the

ceremony Mrs. Berthelon played "Oh, Perfect Love" and for the recessional she played Mendelssohn's march.

Miss Polichetti, who has neither father or mother, was given in marriage by her brother, A. V. Polichetti of Deming. Her attendant was her sister, Mrs. R. L. Andrews of El Paso, matron of honor. Bavousett chose his brother, Barney C. Bavousett, to attend him as best man.

The bride wore an afternoon length dusty rose crepe dress with white halo hat and illusion veil. Her corsage was of baby vanda orchids. Her sister wore a black eyelet linen frock with white accessories. Her corsage was of gardenias.

Mrs. Bavousett, originally from Kentucky, has lived in El Paso for the past fifteen years. During the war she was on the Red Cross staff at William Beaumont hospital.

Bavousett, employed by Robert Porter and son, Inc., for 14 years was in the 40th Division of the 185th Infantry and served for four years spending part of that time in the south Pacific.

Immediately following the wedding, Mr. and Mrs. Bavousett left for an undisclosed honeymoon. The bride wore stonecutter tan suit with brown accessories for her going away costume. They will return to reside at 708 North Kansas St., in El Paso. Later they will make their home in Las Cruces.

Mrs. Bavousett is a sister of Mrs. August Codispotti of this city.

DAWAHARE - DAWHARE

On Sunday afternoon, July 12 at a semi-formal betrothal dinner, Mr. S. F. Dawahare announced the engagement of his daughter, Mary to Edward Dawahare of Wheelwright, Ky. Miss Dawahare was lovely in a white knit two-piece dress and gold sandals with belt to match. On her dress she wore a large Double Purple and White Orchid. She stood with her fiancé while Mr. Joe Cantees of Williamson, W. Va., Uncle of the Groom, read the betrothal ceremony after which Miss Dawahare's father presented her to Mr. Edward Dawahare for his future bride.

Mrs. Abe Kawaja, Williamson, W. Va., sister of Miss Dawahare read a short Biblical selection, then the beautiful engagement ring was taken from a silver tray, lined with imported crochet and surrounded with red miniature rosebuds, by Edward who placed it on his bride-to-be finger.

The home was decorated with Sweetheart roses and a buffet dinner was served to the following guests:

Mr. and Mrs. Farris Dawahare and son, Wheelwright, Ky., Mr. and Mrs. Abe Cantees and son, Joe, Mr. Joe Cantees, Mr. and Mrs. Abe Kawaja and son, Louis, of Williamson, W. Va., Mr. Thueek Sheean, Mr. and Mrs. William Dawahare, Hazard, Ky., Mr. George Curry, Mr. Gene Curry, Norton, Va., Mr. Junior Dawahare, Mr. Dee Dawahare, Pikeville, Ky., Mr. and Mrs. Harding Dawahare, Mr. S. F. Dawahare, Mr. Woodrow Dawahare, Miss Sybil Dawahare, Messrs. Hoover, Martin, and A. F. Dawahare, Rev. and Mrs. Paul Stewart, Miss Jane Blair, and Miss Elline Salyer.

The large table was covered with a white satin Damask cloth in the center of which was placed the Betrothal Cake bearing the inscription, "Happy Engagement Edward and Mary".

Miss Dawahare, a native of Whitesburg has assisted her father in the operation of his five stores for the past few years.

Mr. and Mrs. William H. Newsom and daughter, Clara Rae of Whitesburg, attended a family reunion at the home of Mr. and Mrs. John C. Newsom, Alcoa Trail, Maryville, Tennessee last week. Others attending were Mr. and Mrs. Sam Chance, Jr., and son, Sam III, Jenkins, Mr. and Mrs. Ernest Rhinehart, and children Laura Cleo, Janette, Ernest, Jr., Jimmy, Clyde and Orville Lee of Helper, Utah, Mr. and Mrs. Howard Humphrey and children, Mildred, Sheridan and Janice, Oak Ridge, Tenn. LETCHER COUNTY TRUCK MINES

(AN EDITORIAL)

On Tuesday night the significance of what Letcher County truck mines mean to our section of the State should have been brought home to every one in Whitesburg, when more than three hundred small truck mine operators met in the County Seat to try to get their price adjustment settled peaceably. Looking over the large group which filled the court room to capacity and this group only represented the operators, the thought came to us, what would the crowd look like if the workers in these numerous mines were to all come to town at one meeting. This merely shows what the truck mining industry has and can mean to our county. All of these operators as well as the thousands of employees are making good money in our county and are spending a great portion of it with local business people and keeping it right here at home, using it for building and forward progress of local enterprises. For the first time in the history of our section, have the little people been privileged to realize some of the actual value of this wonderful "black gold" that time has implanted in the bowels of our good earth. In the past most of the coal has been leased to huge holding companies and big millionaires from foreign states who not only did not spend their money here but did not even live among us. Citizens of Letcher county, let's all do everything in our power to keep our truck mines in operation. Let's not give the big monopolies a chance to eliminate the best thing that has ever happened to us! It seems that the dispute or difference might have a more significant meaning than we or any of us realize. Every miner and operator should think twice before they speak on this matter, much less commit themselves. The truck mining industry must not fail. Let's all work to keep it with us!

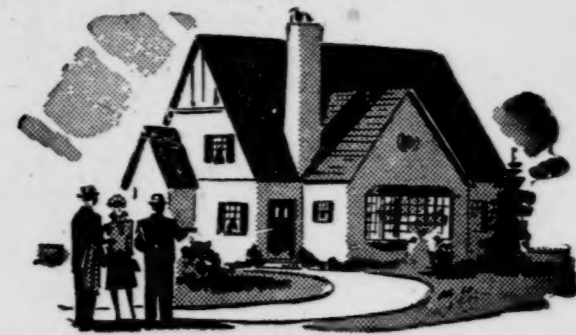

Each year the country is given the experience of a coal strike and this year is no exception—there being more strikes already than is good for the miner, the operator or the country as a whole. Following a few days of idleness, the mines, we presume, will run for the rest of the year at full blast.

The cause of the shutdowns in many instances, it seems to us, are trivial and a needless waste of time and money. Coal is virtually a monopoly. It is true that oil and gas supplanting coal somewhat but there is not enough of either to even make a dent. The public has to have coal and knows that it has to have coal. It cannot do without nor can it find a substitute. Consequently, when there is a shortage, the coal companies get frantic and bid most any price. A 10 percent or 20 percent shortage may send the price up 100 percent. And when prices are high wages must necessarily remain high and operators cannot kick, but the forgotten man, it seems, is the consumer, who pays the bills and this does not seem to worry either the miners or the operators, but we should remember, there may be a reckoning some day and that is something to really think about. While it is only fair and just that both operators and miners receive their full share of just and honest profit, Mr. John Q. Public should also be given some consideration.

Mr. and Mrs. John McIntosh Sunday evening the people had as guests Mr. McIntosh's of Jenkins enjoyed a concert brothers, Mr. Quince McIntosh given in the City Park by the School Band under the direction of E. Paul Lyon.

Roosevelt Says Ike Will Take Nomination

James Roosevelt, one of the leaders of the draft-Eisenhower movement, said yesterday he believes the general would accept the nomination.

In an interview broadcast from Hollywood over a national network, Roosevelt said he was sure General Dwight D. Eisenhower would accept because "he realizes that a really sincere draft brings a duty to which he must re-

spond."

President Truman's statement that the Eisenhower boom would subside before the convention started next week was called "wishful thinking" by Roosevelt.

"Indications are the pre-convention caucus this Saturday will be attended by representatives of every state in the union, with the possible exception of Missouri," Roosevelt said.

"At this caucus if it's shown there is an overwhelming desire to nominate General Eisenhower, representatives chosen by the caucus should present the facts to the President and ask him to support the general."

Asked if the Eisenhower boom was a front for the nomination of Supreme Court Justice William O. Douglas, Roosevelt replied:

"This movement is not a front for anyone. We honestly believe General Eisenhower is the ablest man available for the nomination."

Another party leader yesterday suggested that Truman not only step aside but as drive to nominate Eisenhower, sume a leading role in the Former Senator Hugh B. Mitchell (D-Wash.), a member of

the platform committee for the Democratic National Convention, telegraphed the President asking him to take the leadership of the Eisenhower movement.

At Philadelphia, where the Democratic convention opens next Monday, campaign headquarters of the Eisenhower movement dispatched a telegram to the 74-vote Pennsylvania delegation seeking support for Eisenhower as the "man who portrays the ideas and hopes of tomorrow."

The general was saying nothing. Yesterday morning he drove away from his home at Columbia University of which he is president, for a bit of golfing. Upon his return, newsmen asked whether he might have a statement to make today on politics. Unsmiling, he said he had no comment.

Pontiac To Have New Schools

L. W. Ward, general sales manager of Pontiac Motor Division, announced today that Pontiac is inaugurating a new series of Hydra-Matic schools in the field.

In a three day school held across the country earlier this year, more than 8,000 service personnel of Pontiac dealership were given an intensive course in maintenance of Pontiac's Hydra-Matic transmission. With these trained men as a foundation the new series of schools will include other personnel of the dealership and will make a detailed examination of inspections, checks, diagnosis and include three disassembly and assembly operations.

Pontiac also is starting a new school on radio service, Mr. Ward said, aimed at enabling dealer service men to perform seventy-five percent of all radio service within the shop.

Officer Hurt In Paintsville Affray Remains Serious

Paintsville — Cpl. Homer Howard of the Paintsville detachment of state police, one of three persons wounded in a gun battle here Sunday in which two persons were killed, continued in a serious condition at Prestonsburg General Hospital last night.

Funeral services for Harry Conley, 48, and his sister, Mrs. Sue Conley Page, 52, who were killed in the duel were held at the Page home at Hager Hill yesterday. More than 300 persons attended.

Forest Conley, brother of those slain, was released from the Paintsville Clinic under \$3,000 bond yesterday. He suffered a chest wound in the gun fight.

Capt. Vernon Sanders of the state police said Forest Conley will not receive an immediate examining trial pending the outcome of Howard's injuries. He is charged with being an accessory after the fact of murder.

George Page, husband of the slain woman, suffered a slight flesh wound in the shooting. He has been absolved of blame in the case.

The shooting resulted when state police started to investigate a disturbance in which Harry Conley was reported to have become intoxicated and was having target practice with a pistol.

Howard was shot in the liver, arm and leg. Hospital attendants said he was "holding his own" last night.

Report Of Births In Letcher County

During the first half of 1948 (January 1st through June 30th.) the Health Office has received the following birth and death registration:

Live Births 775
Deaths 157
Still Births 26

Copies of all births and deaths are made and held in this office while the original one (the one sent by the doctor, midwife, or undertaker) is forwarded on to the Home Office of Vital Statistics, Louisville, Ky.

In studying the files on these records we find that the following attendants of maternity cases are accounted for the majority of the births sent us:

Physician P. O. Deliveries
Dr. T. R. Collier, Whitesburg 134
Dr. D. V. Bentley, Neon; 124
Dr. T. M. Perry, Jenkins; 52
Dr. J. R. Chitwood, Fleming; 45
Dr. Lundy Adams, Blackey 32
Dr. B. M. Adams, Whitesburg; 26
Dr. B. F. Wright, Seco; 24.
(Many other doctors delivered 10 or less in this 6 month period.)
Midwife, Postoffice, Deliveries
Mrs. Siller Adams, Whitesburg; 20
Mrs. Rebecca Browning Letcher; 16.
Mrs. Louise Cornett, Linefork 7
Mrs. Bertie Sturgill, Eolia; 6
Mrs. Elsie Raleigh Hampton, Jeremiah, 5.
Mrs. Dora Campbell, Hallie; 5
(Many other midwives delivered less than 5 for this period.)

We cannot stress too strongly the great importance to all attending doctors, midwives and funeral directors, as well as all parents and heads of homes, the important matter to see that all births, deaths

and still births are forwarded to us for filing. Death benefits depend on the family securing a Certificate of Death, whereas, jobs, Social Security, and Miners' pensions, all depend on getting a Record of Birth. So please see that this invaluable document is recorded soon after the event happens, whether birth or death.

It is with regret that we must announce to the Public that it seems to us here in the Health Office, that the parents' Notification Copy of Birth which has been sent to us for many years by the Home Office, Louisville, may have been discontinued, as we have not received any of the infant birth notices now since last December (1947). No word has reached us that these were being stopped, yet it seems that the stoppage of sending them to this office as has been the custom for all these years, speaks for itself, since now for 6 months none have been received. If this discontinuation of the parents copies of notification of the new birth, is a reality (and it seems it is), the only plausible explanation, we can think of it that for the past many months many parents have been trying to use these 'parents' type for legal and business purposes, and these are not the official kind for such business reasons. Their only purpose to the parent, was to 'notify' them that the birth was on record, and to know that said document was filed away, if and when a Certified Copy was needed for any business matter one could be obtained at short notice, this one bears the Registrar's Seal of Births and deaths, and is the official one to be had.

If this parent type has been stopped, it nevertheless remains the fact that all births and deaths should be sent us for Letcher County, so that the official one may be had, without the one on file in the

office then no other kind may be had.

Polio Reaches Epidemic Stage In North Carolina

Raleigh N. C. — July 8— Infantile paralysis edged relentlessly today toward its record severity of 1944 in North Carolina.

Four of the state's 100 counties were regarded as epidemic areas as the number of cases for this year reached 408 yesterday, the worst on record for this time of year.

Thirty-seven cases were reported yesterday but this high figure was attributed to a three-day backlog of reports caused by health departments closing over the Fourth of July week end.

No quarantines have been imposed on swimming pools and theaters, as was the case back in 1944, when a record 878 cases were reported. Parents have been cautioned however, to keep children away from crowds.

The greatest severity of outbreaks has been noted in the populous central portion of the state.

Dr. C. P. Stevick of the state board of health reports that North Carolina's coastal and mountain areas are "within normal limits as far as the incidence of cases is concerned."

Meanwhile, communities and hospitals in affected areas have set about precautions and arrangements to combat a spread of the disease and to handle the existing problem of care for patients.

At Greensboro, seat of Guilford county, one of the hardest hit, 41 victims were reported in an isolation ward and 51 were at a convalescent center.

Duke Hospital in Durham reported an isolation ward in operation with special doctors, nurses and physical therapists on constant call for polio cases.

H. C. Mickey, Duke Hospital administrator, reported yesterday that the Red Cross is seeking additional nurses from other sections of the country to help out in the emergency.

Ike's Statement Punctures Boom

Washington — July 7 — Although Gen. Dwight D. Eisenhower announced Monday night he definitely "could not accept" nomination to political office, many of his Democratic supporters, anti-Truman men and women, have launched a desperation drive to get the General to change his mind about running for President.

In his announcement this week Gen. Eisenhower said he could not "identify myself with any political party, and could not accept nomination for any public office or participate in partisan political contests."

Eisenhower said that his views were identical with those he presented previously when he was mentioned as a possibility for the Republican nomination. Truman's supporters have contended all along that Eisenhower is an out-and-out Republican, and the boom for the general was merely a smoke screen to help the candidacy of Justice Wm. O. Douglas of the U. S. Supreme Court who has been mentioned as a presidential candidate in some circles.

Senator Johnston of South Carolina, leader of the Southern revolt against President Truman, joined James Roosevelt, Jr., son of the late president, Political Boss Frank Hague of New Jersey and Senator Pepper of Florida in demanding that President Truman step aside for the good of the party. They along with others stated that if the President were re-elected he would not only be defeated by a decisive margin but would carry many senatorial and congressional candidates down to defeat with him.

HOW GOOD IS YOUR PROPERTY?

For how long and how certain and what amount is the monthly income it will produce?

AND

Does the income enjoy any income tax advantage?

If you have amassed considerable property, and feel that you are justified in turning a cynical nose up at our life insurance. .. Well .. permit us to make this suggestion:

Some few years after you have passed on to your reward persuade Saint Peter to let you make a visit back to the old town. Surely you would not be light hearted optimist enough to expect to find everything just as you left it? You might find everything in a fair state of preservation. But the chances are more than fifty-fifty that you wouldn't. You would find, likely, that the center of influence and business activity had moved away from your once valuable property. The building on this corner would be in need of paint, and a few windows need repair. The building on that corner might be rented as a second hand store, and needs a new coat of paint. The building on yonder corner might have a "FOR SALE" sign in the window. The vacant lot over there might be posted for sale for BACK TAXES. A small mortgage on the home might be past due. The family car might be held together with hay-wire. Yes, altogether, you might find a once happy prosperous family living on a subsistence level at the bottom ... underneath the crash of a once valuable estate.

You were shocked and heartbroken. You either called Saint Peter up to ask for an extension of your time on earth for a second chance to make good for your family; or you asked to be taken up the golden ladder again at once into Heaven "WHERE THERE IS NO PARTING AND NO SORROW." BUT, ANYHOW, DON'T YOU BELIEVE THAT THERE WOULD BE A SADNESS IN YOUR HEART?

A LIFETIME INCOME FROM OUR INSURANCE IS THE SAFEST, MOST DEPENDABLE, MOST INVARIABLE, AND THE MOST CERTAIN KNOWN TO MAN. IT PERMITS YOU, OTHER THINGS BEING IN ORDER, TO SKIP THROUGH THE PEARLY GATES WITHOUT ANXIOUS CONCERN FOR THE MATERIAL THINGS NEEDED BY THOSE YOU LOVE MOST.

Don't let
Sludge smother
fine engine
performance

It isn't the age or condition of your motor that is eating up gas and oil, giving you poor mileage, irritating you constantly with sluggish, slow, poor performance.

It's Sludge ... Automobile Enemy No. 1... Choking your engine to death, smothering the fine performance your motor can still give you.

In a few minutes, a Motor Hi-Klonic will take out the sludge, every sticky, tricky, gooey drop of it ... it will get the gum and grit and destructive road dirt and metal filings, too. It will free piston rings, restore cylinder clearances, get life-saving lubrication to every moving part.

All in a few minutes ... at an average cost. Seeing is believing. Drive in tomorrow and have this miracle performed before your eyes.

Brown Says Campaign Will Determine Labor's Strength

Louisville — The campaign for the Democratic nomination to the U. S. Senate in the Aug. 7, primary "is going to determine labor's political strength in Kentucky now and for some years in the future," John Young Brown, Lexington attorney said here last night.

Brown a candidate for the nomination expressed his views on the campaign at a dinner sponsored by the Louisville Labor's League for Political Education. It was attended by labor leaders representing a dozen or more American Federation of Labor unions and some independent unions.

Brown placed upon labor the responsibility for getting a large crowd for the opening of his campaign at Memorial Auditorium here Saturday.

"If there is any crowd there, (at the auditorium) you are going to get them," he told the labor leaders. "Put an overflow crowd in there and every politician will tell you it means victory."

Brown said it is not up to Gov. Earle Clements, but to the people, "to say who is going to be the Senator." He referred to the governor's call for the nomination of Rep. Virgil Chapman of Paris, in the Democratic Senatorial primary.

Brown won the Democratic nomination to the Senate in 1946, but lost in the general election to Republican John Sherman Cooper of Somerset. Cooper is seeking his party's nomination in the Aug. 7 primary.

KENTUCKY FARMERS!

We Have A Vitally Important
Stake In the Senatorial Race

We have an opportunity to support a man for public office in the August primary who has fought farmers' battles in Washington for more than two decades. We refer to the Honorable Virgil Chapman, of Paris, who has represented the 6th District in Congress for 22 years and is now a candidate for U. S. Senator.

VIRGIL CHAPMAN

This in 1933—When the AAA act was introduced in 1933, with a base period that would have precluded Burley tobacco from benefits, VIRGIL CHAPMAN was a leader in remedying the defect and including Burley in the AAA program.

This in 1936—When in 1936 the Supreme Court declared AAA of 1933 unconstitutional, VIRGIL CHAPMAN introduced the bill that resulted in full payments to farmers who had fulfilled their production-adjustment contracts.

This in 1938—In 1938, VIRGIL CHAPMAN was one of the leaders in the campaign for the enactment of the existing AAA act, which provided the basis for the entire farm program. He introduced several subsequent amendments to improve the act.

This in 1943—When the Price Control Act of October 2, 1943, authorized ceilings on farm products, VIRGIL CHAPMAN drafted the 47-word amendment establishing the price formula for Burley tobacco, and led the fight for its proper interpretation, that increased the return to Burley growers on the 1942, 1943, 1944 and 1945 crops in the amount of \$227,609,600.

When the textile manufacturers were not making enough cotton canvas for plant beds for the 1943, 1944 and 1945 crops, VIRGIL CHAPMAN secured the production and distribution of the canvas covers without which those three crops would have been materially curtailed.

This in 1945—VIRGIL CHAPMAN aided Governor Earle C. Clements in having enacted the Clements bill which authorized quotas for dark and air-cured tobacco and provided a support price formula which added 6 to 8 cents per pound to the farmers' return.

This in 1948—When the Aiken bill was first introduced, its tobacco provisions would have wrecked the Burley and dark programs. VIRGIL CHAPMAN caused a hearing to be held for growers before the Senate Committee on Agriculture. Following this hearing Mr. Chapman led the fight that resulted in the retention of the parity aid price-support formulas that have worked so successfully, and insured tobacco growers against disorderly, declining markets.

VIRGIL CHAPMAN, as a member of the committee on Interstate and Foreign Commerce, helped create REA. His committee conducted the hearing and reported the bill, and Mr. Chapman helped obtain a rule for its consideration and aided in voting it into law. Since then he has supported every appropriation for the extension of REA. He has supported the Soil Conservation Program, Reciprocal Trade, farm tenancy legislation to promote ownership of farm homes and make possession of such homes more secure, and many other measures benefiting Kentucky farmers.

Stuart Robinson School Notes

Rev. and Mrs. J. W. MacElree of Blackey, Kentucky, left Tuesday, July 13, for a month's vacation. Mr. MacElree is pastor of the Doermann Memorial Presbyterian Church of Blackey, and supervisor of outposts at Sycamore (Jeremiah), Doty Creek, and Carbon Glow. Mrs. MacElree is head of the commercial department of Stuart Robinson School. They will spend the larger part of their vacation at their cottage in Wisconsin. They will also visit with Mrs. MacElree's mother, Mrs. D. O. Lawton, who lives at Mauston, Wisconsin. On July 25, Rev. MacElree will preach in the Presbyterian Church at Kiel, Wisconsin. This is the same church which he was pastor from 1925-33.

During the Pastor's absence from the pulpit the Sunday services will be conducted by the following ministers: Rev. Warren Corbett, principal of Stuart Robinson School, on July 18; Dr. D. C. Amick, of Hazard, Superintendent of Home Missions of Guerrant

Presbytery, on July 25 and August 8; and Rev. W. L. Cooper, Superintendent of Stuart Robinson School, on August 1st.

Miss Florence Gray, principal of Stuart Robinson School from 1943 to 1948 and a member of the staff for 3 years will return during the week of July 18 to help with the summer work of preparing for the coming school term. She spent a two month's vacation at Greensboro and Bear Creek, North Carolina. Miss Gray will be librarian of and teach English at Stuart Robinson during the -948-49 term.

Rev. and Mrs. Warren Corbett and daughter, Betty Louise, will leave July 19 for a month's vacation in Pitts-

burgh, Pennsylvania, where both Mr. and Mrs. Corbett attended seminary. Mrs. Corbett is the daughter of Rev. and Mrs. W. L. Cooper. While they are away Mr. Corbett will attend the University of Pittsburgh in which he is studying for his Master's degree; and he will supply pulpits in the Pittsburgh area at Cheswick, Greenfield and Forty-third Street Church (Pittsburgh). On August 1, he will preach in his home church, the First Presbyterian Church of Franklin, Pennsylvania. Mr. Corbett was ordained in this church on November 24, 1947. Here they will be the guests of Mr. Corbett's parents, Mr. and Mrs. George Corbett.

Two Stuart Robinson graduates have recently been chosen administration heads

of Lees College, Jackson, Kentucky.

Mr. Frazier Adams of Jeremiah, since 1945 the dean of Lees College, has been elevated to the post of executive Vice-President. Mr. Adams graduated from Eastern Kentucky State Teachers College, Richmond, in 1933. He spent five years with the AAF during the war. He served with the 9th AAF in England as an observer, rising to the rank of First Lieutenant. Mr. Adams earned his master's degree at George Peabody College for teachers, Nashville, Tenn.

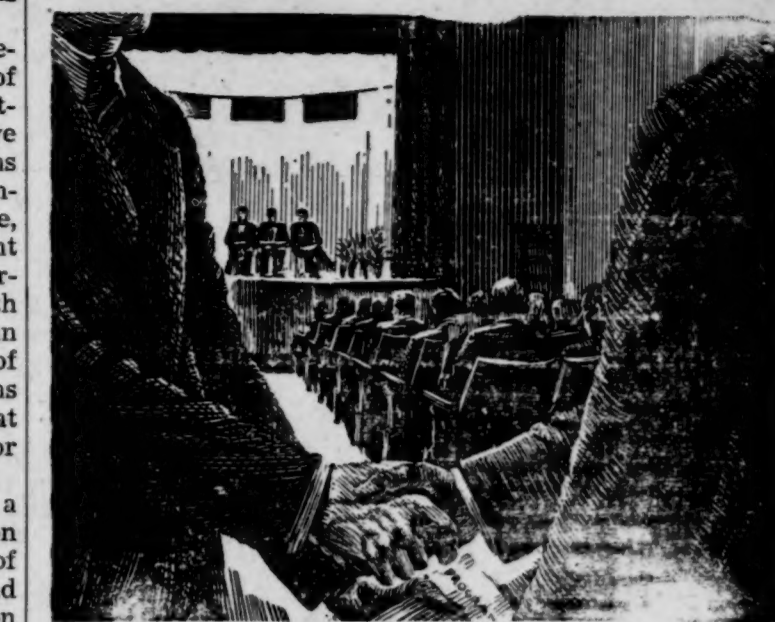

Mr. Casey Norton, also a graduate of Stuart Robinson and later a teacher there of grades seven and eight and coach of the Stuart Robinson Eagles succeeded Mr. Adams as dean. Dean Norton served with the USN during the war and has been teaching in the London, Kentucky, schools. He received his Master of Arts degree from George Peabody in 1946.

A third Stuart Robinson graduate, Vernon Miniard (class of 1947) of Delphia, Kentucky, and now a student at Lees College, has been designated as Field Representative for the College. Mr. Miniard married Miss Frances Bradshaw, a former teacher of Home Economics and Science at Stuart Robinson School.

Rev. and Mrs. C. Wayne Potter recently moved to the Stuart Robinson campus from Stockton, California. Mr. Potter will teach Social Studies and Speech in the high school and Mrs. Potter will teach Business Arithmetic and Health. Mrs. Potter will also be a housemother of the boys' dormitory. Since their arrival they have been busily engaged in plastering, painting, and renovating and redecorating the dormitory.

Mr. Potter spent 2 1-2 years as a chaplain with the armed forces in Europe. He entered Germany with the 102nd Infantry and served with occupation forces at Salzburg and Linz in Austria. Mrs. Potter spent six months in Austria with her husband.

Mr. Potter was born in Maryland in 1918. He attended Emory University, Atlanta, Georgia, and Presbyterian College of the Pacific in Stock-
